Mood Pro Adjustable Square, Ø110mm

Reggiani

No. X.PP13K.NN31

Mood Pro features the lighting body of the standard Mood, with increased performances: it offers twice the lumen output compared to the standard version. Mood Pro Adjustable can be adjusted on both axes and it enables simple, precise adjustment without the need for special tools.

Our product range updates frequently. All product specifications and data are subject to change without warning in order to improve reliability, function, performance or otherwise. We make every effort to ensure the accuracy of our product images, however due to different lighting and screens used for viewing, the colum may vary, images are indicative of the quality and style of the product but may not represent the precise details of the product you receive. This is because we are constantly working to make improvements. For aesthetic reasons, cables and/or electrical elements are often not shown. Refer to technical data sheets for all technical data. Images and colours are not part of any control or warranty in any way.
